EuroDIG Messages

- are compiled for each session
- They should:
  - relate to European Internet governance policy,
  - be forward looking and include recommendations,
  - propose goals and activities for policy makers,
  - be in (rough) consensus with the audience.

Session principles

- focus on the emerging issues on the European agenda

- avoid duplication or "just more of the same"

  (Check the wiki archive for previous years!)

- avoid seminar style (not a series of presentations)

- time distribution: 50/50 – speakers / audience

- each speaker - 3 min "punchy" statements (timer)

Session principles

- not more than 4 speaker
- include the (remote) audience as much and early as possible
- no (self-) promotion for speaking slots or "speaker placement"
- stakeholder diversity - gender, age, geographical balance
- communicate on the mailing list only
- publish all information about your session on the wiki asap
